

Sri Lanka CERT (Pvt.) Ltd.

Procurement of Communication Consultancy Services for Sri Lanka CERT (CERT/GOSL/CON/IC/2025/08)

Sri Lanka CERT, the institution which has the mandate to protect the cyber space of Sri Lanka, is currently implementing the nation's first information and cyber security strategy. This strategy was approved by the Cabinet of Ministers to be implemented over five years from 2019. In line with the implementation of the National Strategy, an awareness strategy on cyber security shall be developed and implemented to increase the awareness of government officers, businesses, and the general public on various aspects of cyber security including personal security, social media security, and information and cyber security initiatives. Sri Lanka CERT, therefore, aims to hire a qualified and experienced individual consultant to develop and implement an awareness strategy on cyber security. The duration of the assignment is 15 months.

Eligible Individual Consultant may submit their response (as specified in the Terms of Reference) electronically to procurement@cert.gov.lk or by hand delivery or by post to Chief Executive Officer, Sri Lanka CERT (Pvt.) Ltd, Room: 4-112, BMICH, Colombo 7, to be received on or before **1500 Hrs on 18.09.2025**. The envelope containing response should be marked "Procurement of Communication Consultancy Services for Sri Lanka CERT". The detailed "Terms of Reference (TOR)" is available on the procurement tab of https://www.cert.gov.lk/ website.

Terms of Reference

Procurement of Communication Consultancy Services for Sri Lanka CERT

1. Background

Sri Lanka CERT, an institution that has the mandate to protect the cyberspace of Sri Lanka, is currently implementing the nation's first information and cyber security strategy. This strategy was approved by the Cabinet of Ministers to be implemented five years from 2019.

In line with the implementation of the National Strategy, an awareness strategy shall be developed and implemented to increase the awareness of government officers, businesses, and general citizens on various aspects of cyber security including personal security, social media security and government initiatives on digital transformation. Sri Lanka CERT, therefore, aims to hire a qualified and experienced consultant to conduct all media reaching large audiences, including TV, radio, and online platform.

2. Objectives

The objectives of this consultancy are as follows:

- a. Develop and implement the cybersecurity awareness strategy with Sri Lanka CERT to promote information and cyber security, and social media security among citizens, and government officers.
- b. Implement the strategy using electronic media, printed media, social media, and physical modes to promote cyber security and enhance Sri Lanka CERT's image and reputation through effective communication channels.

3. Scope of Work

The consultant will be responsible for the following tasks.

- a. Conduct a thorough assessment of the scope of the activities, existing communication practices and channels, national strategies, and policies of Sri Lanka CERT.
- b. Develop and implement the detailed awareness strategy to fulfill both internal and external communication objectives. The target audience shall be government officers, the general public (school children, rural citizens, senior citizens, vulnerable communities), and the business community.
- c. Leverage a diverse range of communication channels including conducting awareness sessions across the country, presenting on TV and Radio channels, posting on websites and social media, printing in newspapers and in-person awareness.
- d. Consultant is required to design and develop own content in consultation with staff of Sri Lanka CERT to meet the above objectives.

e. Table below summarizes expected deliverables.

| # | Activity | Details |
|---|---|--|
| 1 | Social Media Posts (Regular Awareness) | Social media posts on various aspects of cyber security (12 (Sinhala 4, English 4, Tamil 4)) per month * 15 months) - Design the story and content, Translate to local languages - Develop final content in local languages and provide them to Sri Lanka CERT media unit to publish on social media |
| 2 | Social Media Posts (On Demand) | Social media posts on various aspects of cyber security (minimum 3 per month) - Design the story and content, Translate to local languages - Develop final content in local languages and provide them to Sri Lanka CERT media unit to publish on social media |
| 3 | Monthly Newsletters | Design, develop, and print newsletters (trilingual) (3 (Sinhala, Tamil & English) *15 = 45 newsletters during the contract period) and guide Sri Lanka CERT media unit to design them in A4-double sided - Content writing (Sinhala - 15) - Translate to English and Tamil (15 * 2) - Printing 60 newsletters copies per month * 15 months (Sinhala 35, English 10, Tamil 15) |
